On behalf of the entire Church, I'd like to thank you for your interest in our Stained Glass Window Project! While we are now in the new building, we still have a ways to go to pay for the entire building project and are glad you are willing to help.

We are beyond excited with the recent completion of the new building and have been enjoying making new memories in the current building while still holding on to the old memories we shared in the previous building. With this window project, we will be able to preserve the history and many memories our members and friends of the Carroll UMC have! We have a contract with Kruse Stained Glass in Hartington, NE to rework/resize the previous windows from the previous building to fit inside of the energy efficient windows in the sanctuary. The building committee was able to get the two altar windows worked into the building project, but are now looking at getting the side windows completed as we receive donations. The cost of each of these windows is \$2,500 each. The altar windows will be completed by Advent Season of this year. The additional side windows (8 total) will be completed as donations are received for them. Our hopes are to have 4 of them completed and installed by Easter 2020.

As one of the initial donors to this project you have the opportunity to select the emblem you would like in the window you are supporting with your donation of \$2,500. You are also able to indicate the wording you'd like to have on the donor plate that will be mounted on the window sill below the window.

Please make your indications on the attached form and return with your donation of \$2,500. Again, thank you for your support and God Bless!

Sincerely,

Brandon Hall
Building Committee Chairman
